- [Dobrica Pavlinu's random unstructured stuff \(Dump existing firmware\)](#)

Dump existing firmware

Instructions based on http://www.piccato.it/openwgate/backup_e_restore

```
mount -t tmpfs -o size=4m tmpfs /webs  
ln -s /dev/mtdblock0 /webs/mtblock0.gif
```

It doesn't work for me because my image doesn't have `ln`
